SKILLS

Figma, Adobe Creative Suite, Interaction Design, User Research, Usability Testing, Prototyping, Design Systems, Data Visualization, Motion Design, Brand Identity, Visual Design, React, HTML/CSS, JavaScript

ADDITIONAL

Open Doors x Framer Challenge

First Place Winner

Adobe Education Summit

Selected Participant

Friends of Figma Design Portfolio Review Night

Selected Participant

Selected as one of 35 participants from over 160 applicants to network with 20+ leading industry professionals

Design Nation 2025

Selected Participant

Chosen from a highly competitive applicant pool to attend an all-expenses-paid design conference

EDUCATION

New York University

Fall 2024 – (Expected) Spring 2028

B.F.A. Design and Technology, GPA: 3.96

EXPERIENCE

BMW Designworks – Interaction Intern

June 2026 – August 2026

Designed and shipped digital products and web experiences for BMW Group brands and external clients with the Interaction Design team. Owned a B2B client project end to end, designing 5 flows from concept to pitch.

Develop for Good – Design Manager

May 2026 – August 2026

Led 7 designers to build the Places feature for a B2C product from ideation through handoff, managing client feedback and stakeholder alignment. Ran 20+ user interviews and usability tests to refine the feature and shape its integration into the broader product.

Mirror Physics – Product Design Intern

August 2025 – May 2026

Designed and shipped product and web experiences for Axon, an AI R&D platform for pharmaceutical researchers. Led multiple 0-to-1 features through research, prototyping, and deployment, and partnered with the founding designer on brand, interaction, motion, and data visualization.

NYU Leslie Entrepreneurial Institute – Graphic Designer

August 2025 – May 2026

Led creative direction for the Leslie Founders Program, NYU's flagship startup incubator, building brand systems used by 30+ founders.

LEADERSHIP

Tech@NYU – President

January 2025 – Present

Lead one of NYC's largest student tech communities (800+ members), overseeing 5 programs including a Databricks partnership, YC collaborations, $30K+ prize hackathons, and citywide events with leading tech sponsors and speakers.

AStudio – Co-President/Co-Founder

January 2025 – May 2026

Co-founded Tisch's design club and grew it to official university recognition. Ran panels, studio tours, a mentorship program, and nationwide designathons across 20+ campuses.
